

Every drop counts. Save water benefits all.

To commend the education sector for their active participation in the “Cherish Water Campus” Integrated Education Programme for 2022/23 school year, an award ceremony was held on 18th January at Hang Hau Community Hall. In total, 35 school sponsoring bodies, 57 participating schools and 16 kindergartens with more than a hundred principals, teachers and students were presented with awards in the ceremony.

Speaking at the ceremony, “Cherish Water Principal” said that in the 1960s, severe water rationing measures had been imposed in Hong Kong owed to a disastrous drought. But thanks to our country's care and support, the Dongjiang-Shenzhen Water Supply Scheme was swiftly completed and Dongjiang water has supplied to Hong Kong since 1965, resolving Hong Kong's long-term insufficiency of water resources. Despite this, in meeting the present challenges posed by climate change to water supply reliability, Mr Yau encouraged students not only to bear in mind that the precious water supply cannot be taken for granted but also stay vigilant to possible threats ahead that warrant the need to develop the virtue of cherishing water.

The ceremony featured a variety of contents that included school performances, interactive games and a pledge to cherish water. All participants enjoyed a happy and memorable afternoon.
