

# Home Water Audit Worksheet (Parent-Child Activity) Junior Level

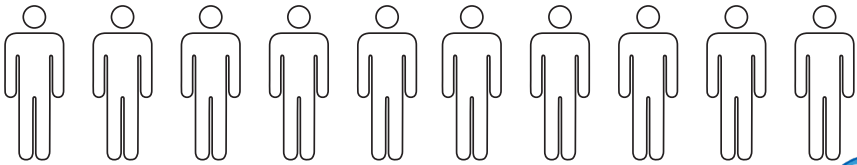

Name: \_\_\_\_\_ Class: \_\_\_\_\_ Date: \_\_\_\_\_

## Family members

Father / Mother / Grandfather / Grandmother / Brothers / Sisters

(Circle family members)

Colour the total number of family members in green. For number of domestic helpers, colour in red.

Total number of family members, including yourself: \_\_\_\_\_

## Activity method

The audit will last for 7 days. Record the date and water meter reading 7 days before audit. Then record the date and water meter reading at the beginning and end of audit.

\* For safety reasons, parents' company is necessary while reading meter.

	Date	Water Meter Reading ( m <sup>3</sup> )
7 days before audit		Reading A:
Day of audit		Reading B:
7 days after audit		Reading C:

Water consumption 7 days before audit: Reading B – Reading A = \_\_\_\_\_ m<sup>3</sup>

Water consumption during the 7 days of the audit: Reading C – Reading B = \_\_\_\_\_ m<sup>3</sup>

Water consumption during 7 days of audit is more / less than the water consumption 7 days prior to the audit. (Circle the answer)

Put a ✓ for water saving habits you or your family members practised during the audit period.

Day	Take a shower for 5 minutes or less	Reuse water used for washing vegetables and fruits	Run washing machine or dishwasher with a full load	Turn off the tap while soaping hands	(others)
Day 1					
Day 2					
Day 3					
Day 4					
Day 5					
Day 6					
Day 7
