### Water Seepages Investigation

According to the following table, check if there are any water seepages at home or in the community (e.g. buildings, schools, streets etc.)

Inspection items	Seepages? (Y/N)
Water seepages from ceiling or external wall	
Water seepages from external pipes	
Rusting in external pipes	

Please take a photo and stick the photo below; or draw what you have seen related to the finding in the box below. Please specify the date, time and location of the seepage.

If no seepages were found after the audit, please design a survey to conduct with property managers, school staff or related personnel, in order to understand their practices of water mains maintenance
